

Question:**Sentence Completion**

Select the most appropriate word for the blank space. A _____ analysis of these substances will show that they differ _____.

- 1 random- minutely
- 2 detailed- essentially
- 3 careful- completely
- 4 final- Structurally

Explanation:

An analysis must be careful, it may or may not be detailed and final. It certainly should not be random, thus, (1) is eliminated of the remaining careful is the most appropriate choice for this sentence.
