Question:

Sentence Completion

Select the most appropriate word for the blank space. The perpetual spinning of particles is much like that of a top, with one significant difference, unlike the top, the particles have no need to be wound up, for _____ is one of their _____ properties.

1. revolution- radical
2. rotation- intrinsic
3. motion- intangible
4. acceleration- hypothetical

Explaination:
If the particles need no wounding then spanning is their natural property, so the filler for second plant should be synonymous to natural or internal. 'Radical' means drastic, "intrinsic' is inbuilt or internal, 'intangible' is something that is not available in the physical form, 'hypothetical' is assumed. Thus, 'intrinsic' will be the filler for the second gap.
