

Question:

Science Class 8

During a thunderstorm which action may be done?

- 1 Using Telephone having cord
- 2 Switching on / off electric lights
- 3 Using a mobile phone
- 4 None of the above

Downloaded From: eLearn Pro (<https://myelearnpro.com/>)

Concept:

Take **action** immediately upon hearing **thunder** . Anyone close enough to the storm to hear **thunder can** be struck by lightning. **Avoid electrical appliances, including corded telephones.**

Cordless and wireless telephones are safe to use.
