

Question:

Odd One Out

Which one does not belong to the group ?

- 1 22, 4, 5
- 2 34, 4, 8
- 3 37, 4, 9
- 4 54, 4, 13

Downloaded From: eLearn Pro (<https://myelearnpro.com/>)

Explanation:

In all other groups, the first number is obtained by adding 2 to the product of the second and the third numbers.
