

Question:

Geography of India

Where are the Saltora Ranges located?

- 1 Ladakh
- 2 Along the Vindhyas
- 3 Part of the Karakoram Ranges
- 4 Part of the Western Ghats

Downloaded From: eLearn Pro (<https://myelearnpro.com/>)

Explanation:

The Saltoro Mountains are a subrange of the Karakoram Range. They are located in the southeast Karakoram on the southwest side of the Siachen Glacier, one of the two longest glaciers outside the polar regions.
